

Nobody Beats US Liner in Total Protection

Bulitex

Ecotex

Versitex

There's a reason advanced thermoplastic composites from US Liner protect more refrigerated trailers than anyone else:
Our materials are engineered to perform better.

From standard reefer liners to integral wall, US Liner offers the most material choices and the most affordable, toughest protection you can get.

- High strength
- Low weight
- Vapor resistant
- Absorbs 20x less moisture
- Thermal integrity
- Low thermal expansion
- Unmatched impact resistance
