US Liner Company Announces Michael Mantia as VP of Manufacturing

CRANBERRY TOWNSHIP., PA – US Liner Company (USLCO) announced Michael Mantia to the position of Vice President of Manufacturing. In his role on the executive management team, Michael is responsible for overseeing all manufacturing operations and directing production processes to ensure deliverables meet quality standards, are tested and shipped on-schedule and improve the overall effectiveness and efficiency of USLCO's support services.

With over 25 years of comprehensive experience in competitive, growth driven environments, Michael has been active in leading six sigma projects, centered around continuous improvement, safety program development, process discipline, plant turnarounds, and coaching to build cohesive teams. Michael also has a proven track record of reducing operating costs, productivity gains, and seamless integration of multiple plant locations.

Michael plans to streamline existing processes and improve production workflow. "I look forward to taking on this new challenge in my career and enhancing US Liner's on-going efforts of continuous improvements. My expertise is developing manufacturing policies, procedures, and processes in an effort to fulfill the ever changing needs of our customers. US Liner is committed to building a World Class Manufacturing Company to deliver exceptional quality products and striving for excellence in all facets of the customer experience".

Michael LaRocco, USLCO President & CEO, is pleased that Michael accepted the position and is looking forward to watching him transform our manufacturing process. According to Mr. LaRocco, "Michael has an opportunity to put his stamp on our manufacturing team. We are excited for him to bring his level of discipline and expertise to push our Manufacturing excellence to a whole new level. Michael understands our customers need to receive the highest level of quality and performance with every shipment of material."

Michael will begin his new role with US Liner on April 6, 2015.
